

Looking for a safe and liquid investment alternative for your building or equipment fund at above market yields?

Introducing the

Texas Fire Investment Pool™

The Texas Fire Investment Pool was created on behalf of Texas Fire Service entities whose investment objectives are preservation of principal and liquidity while earning competitive yields. By joining together with other member departments and districts, the earning power of your excess reserves is enhanced.

Building Fund

- FDIC insured to \$100,000
- over \$100,000 secured with eligible securities

Equipment Fund

- On-line access
- Texas based and managed
- Benefits the SFFMA
J.C. Swadley, Jr. Fund

Call us today for current rates and let us explain how this program may be of benefit to your department or district.
